## PET-FRIENDLY GUIDE

### APOLLO BAY & OTWAYS

## RESPONSIBLE DOG OWNERSHIP

It is important to be a responsible dog owner. Remember, whenever your dog is out in public, whether on a leash or running free, it must be under your effective control. When off leash this includes keeping your dog in sight, training it to respond to voice commands and ensuring it does not threaten other people or animals. Always carry a leash and a container to pick up after your dog. Remember, it is not just about your responsibility to other people (particularly children and the elderly) but also about looking after your dogs, birds and other wildlife.

## PLAYGROUNDS

For the safety and comfort of children, dogs are not allowed in public playgrounds.

## BIN IT OR SWIM IN IT!

Along with other rubbish, dog droppings generally end up being washed into the sea. So carry several bags or containers, pick up after your dog and dispose of the droppings in a rubbish bin. Help keep our beaches clean.

## OTHER CONTROLS

Making sure your dog is registered and microchipped ensures it can be easily identified and returned to you if it does stray. Dog owners face a fine for:

- Not registering their dog
- Walking their dogs in prohibited areas
- Dogs wandering at large
- Not having their dog on a leash when it should be
- Failing to pick up after their dog
